american board and academy of psychoanalysis book prize winner for 2018 theoretical category we have entered the age of perversion an era in which we are becoming more like machines and they more like us the age of perversion explores the sea changes occurring in sexual and social life made possible by the ongoing technological revolution and demonstrates how psychoanalysts can understand and work with manifestations of perversion in clinical settings until now theories of perversion have limited their scope of inquiry to sexual behavior and personal trauma the authors of this book widen that inquiry to include the social and political sphere tracing perversion's existential roots to the human experience of being a conscious animal troubled by the knowledge of death offering both creative and destructive possibilities perversion challenges boundaries and norms in every area of life and involves transgression illusion casting objectification dehumanization and the radical quest for transcendence this volume presents several clinical cases including a man who lived with and loved a sex doll a woman who wanted to be a barbie doll and an internet sex addict also examined are cases of widespread social perversion in corporations the mental health care industry and even the government in considering the continued impact of technology the authors discuss how it is changing the practice of psychotherapy they speculate about what the future may hold for a species who will redefine what it means to be human more in the next few decades than during any other time in human history the age of perversion provides a novel examination of the convergence of perversion and technology that will appeal to psychoanalysts and psychoanalytic psychotherapists social workers mental health counselors sex therapists sexologists roboticists and futurists as well as social theorists and students and scholars of cultural studies

in this second edition of his bestselling book author art kleiner explores the nature of effective leadership in times of change and defines its importance to the corporation of the future he describes a heretic as a visionary who creates change in large scale companies balancing the contrary truths they can't deny against their loyalty to their organizations the age of heretics reveals how managers can get stuck in counterproductive ways of doing things and shows why it takes a heretical point of view to get past the deadlock and move forward

emil schürer's geschichte des jüdischen volkes im zeitalter jesu christi originally published in german between 1874 and 1909 and in english between 1885 and 1891 is a critical presentation of jewish history institutions and literature from 175 b c to a d 135 it has rendered invaluable services to scholars for nearly a century the present work offers a fresh translation and a revision of the entire subject matter the bibliographies have been rejuvenated and supplemented the sources are presented according to the latest scholarly editions and all the new archaeological epigraphical numismatic and literary evidence including the dead sea scrolls and the bar kokhba documents has been introduced into the survey account has also been taken of the progress in historical research both in the classical and jewish fields this work reminds students of the profound debt owed to nineteenth century learning setting it within a wider framework of contemporary knowledge and provides a foundation on which future historians of judaism in the age of jesus may build

a cultural history of objects in the age of industry covers the period 1760 to 1900 a time of dramatic change in the material world as objects shifted from the handmade to the machine made the revolution in making and in consuming the things which were made impacted on lives at every scale from body to home to workplace to city to nation beyond the explosion in technology scientific knowledge manufacturing trade and museums changes in class structure politics ideology and morality all acted to transform the world of objects the 6 volume set of the cultural history of objects examines how objects have been created used interpreted and set loose in the world over the last 2500 years over this time the west has developed particular attitudes to the material world at the centre of which is the idea of the object the themes covered in each volume are objecthood technology economic objects everyday objects art architecture bodily objects object worlds carolyn white is professor at the university of nevada reno usa volume 5 in the cultural history of

the age of silver advances a horizontal method of comparative literature and applies this approach to analyze the multiple emergences of early realism and novelistic modernity in eastern and western cultural spheres from the sixteenth through the eighteenth centuries naming this era of economic globalization the age of silver ning ma emphasizes the bullion flow from south america and japan to china through international commerce and argues that the resultant transcontinental monetary and commercial co evolutions stimulated analogous socioeconomic shifts and emergent novelistic realisms the main texts addressed within include the plum in the golden vase china don quixote spain the life of an amorous man japan and robinson crusoe england these eastern and western narratives indicate from their own geographical vantage points commercial expansions stimulation of social mobility and larger processes of cultural destabilization their realist tendencies are underlain with politically critical functions and connote heteroglossic national imaginaries this horizontal argument realigns novelistic modernity with a multipolar global context and reestablishes commensurabilities between eastern and western literary histories the age of silver challenges the unilateral equation between globalization and modernity with westernization and foregrounds a polycentric mode of global early modernity for pluralizing the genealogy of world literature and historical transcultural relations

the fossil record on mesozoic mammals has expanded by orders of magnitude over the past quarter century new specimens some of them breathtakingly complete have been found in nearly all parts of the globe at a rapid pace coupled with the application of new scientific approaches and techniques these exciting discoveries have led to profound changes in our interpretation of early mammal history mesozoic mammals have come into their own as a rich source of information for evolutionary biology their record of episodic successive radiations speaks to the pace and mode of evolution early mammals were small but they provide key information on the morphological transformations that led to modern mammals including our own lineage of placentalia significant and fast evolving elements of the terrestrial biota for much of the mesozoic early mammals have played an increasingly important role in studies of paleoecology faunal turnover and historical biogeography the record of early mammals occupies center stage for testing molecular evolutionary hypotheses on the timing and sequence of mammalian radiations organized according to

phylogeny this book covers all aspects of the anatomy paleobiology and systematics of all early mammalian groups in addition to the extant mammalian lineages extending back into the mesozoic
